Tarek Walid Ali

Faculty of Computer and Artificial Intelligence, Cairo University

Summary

Software Engineering student at Cairo University focused on Front-End web development. Experienced in building responsive websites using HTML, CSS, JavaScript, and Bootstrap. Strong foundation in OOP, clean code, and software testing. Currently expanding my skills toward full-stack development. Seeking an internship opportunity to apply my front-end skills in real-world projects and continue growing as a developer.

Project:

1. Egyptian Museum Website

- Developed a multi-page educational website about ancient Egypt using HTML, CSS, JavaScript, and Bootstrap
- Built interactive sections for Pharaohs, Mummies, Wars, Timeline, and Quiz
- Focused on clean UI, responsive design, and smooth user experience
- Link:

https://tarekwrahoma-cloud.github.io/EGYPTIAN_MUSEUM/

2. Personal Portfolio Website

- Designed and developed a responsive personal portfolio to showcase skills and projects
- Built with HTML, CSS, JavaScript, and Bootstrap
- Link:

https://tarekwrahoma-cloud.github.io/My-Website/

3. GPA Calculation System

- Developed a standalone application to automate GPA calculations
- Designed and executed a Test Plan covering edge cases
- Applied OOP principles for clean and maintainable code
- Link: https://precious-bonbon-e4dec0.netlify.app/

Summer internships:

1- **Artificial Intelligence Ambassadors** (From: 4 June 2026, To: 8 July 2026)

- Completed AI fundamentals training and practical activities
- Gained introductory knowledge in Artificial Intelligence concepts

2- **Egypt Air Summer Internships** (From: 5 July 2026, To: 30 July 2026)

- Participated in a structured summer training program
- Developed professional and workplace skills in a real company environment

3- **NTI Summer Internship (Web Designer)** (From: 19 July 2026, To: 13 August 2026)

- Completed intensive Front-End web development training
- Built real projects using HTML, CSS, JavaScript, and Bootstrap
- Worked on team-based website projects

Scholarship:

1. **Huawei-Talent** (From: 13 October 2026, To: 7 November 2026)

- Completed specialized training in Machine Learning and Deep Learning
- Gained practical knowledge in AI concepts and modern learning techniques
